

Title: Survey of Urban Rates, DA 13–598.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 2,275 respondents; 2,275 responses.

Estimated Time per Response: 3 hours.

Frequency of Response: Annual reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 254(b).

Total Annual Burden: 6,825 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting that respondents submit confidential information to the Commission. Also, respondents may request materials or information submitted to the Commission be withheld from public inspection under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: In April 2013, the Wireline Competition Bureau of the Federal Communications Commission adopted an Order (Order), in WC Docket No. 10–90; DA 13–598, 78 FR 29063, Connect America Fund. The Order adopted the form and content for a survey of urban rates for fixed voice and fixed broadband residential services for purposes of implementing various reforms adopted as part of the USF/ICC Transformation Order, 76 FR 73830, November 29, 2011. The information collected in this survey will be used to help ensure that universal service support recipients offering fixed voice and broadband services do so at reasonably comparable rates to those in urban areas. The comparability requirements are important components of the Commission's overall effort to improve accountability for the use of universal service funding. The comparability requirements will ensure that rates are reasonably comparable for voice as well as broadband service, between urban and rural, insular, and high cost areas. Rates must be reasonably comparable so that consumers in rural, insular, and high cost areas have meaningful access to these services. This Order requires a

statistically valid sample of urban providers to complete a survey with information regarding the types and prices of their offerings. The Commission conducts this survey through an online reporting form accessible to those urban providers of fixed voice and broadband services that are chosen to participate.

Federal Communications Commission.
